- State Fair Exhibit Requirements
- Home Environment Score Sheets

Project Information

- Home Environment Units 1-7
- Home Environment Unit 7 - Manual

Do you like to decorate your room? When you walk into a room, do you know exactly what colors and what furniture would look great in that space? Do you like to experiment with colors and try different types of colors on your walls? Do you know what paint color or wallpaper would brighten a room? How do you create a feeling of coziness in a family room? Being an interior designer is all about making a house a home. The Home Environment project gives you an opportunity to examine space, both inside and out.

Unit 1	Unit 2	Unit 3	Unit 4	Unit 5	Unit 6	Unit 7
<p>This project is for members ages 8-18 years old. In this project, youth will learn about color, texture, space and home safety.
