Project Tips:

- A member may choose which class he/she would like to exhibit.
- A member may exhibit in more than one class if he or she chooses.
- A member may exhibit as a part of a group and/or as an individual. The exhibits need to be different -- one exhibit for the individual and a different topic exhibit for the group.
- The exhibit must be able to go through a standardized door (approx. 31" x 80") and be no taller than approximately 8 feet high. If the exhibit exceeds these dimensions, please contact the State 4-H Office (970-491-7883) prior to entering the state fair.
- Group projects must be developed by two or more 4-H members.
- Individual exhibits require an e-record with each exhibit.
- Group projects require a one-page story about the project, including these items: purpose of design, goals, plan, accomplishments, evaluation, and how each person on the team contributed to the project.
- Enter your project in the county fair.
- Share information learned in talks and displays.

Judging Criteria:

- Completeness of e-record.
- E-record includes demonstrations, talks, story, and pictures, with at least one action shot of the member doing something with his/her project.
- Neatness, legibility and the quality of the exhibit.
