

Required Shooting Sports Hunter Safety Cards and Youth Handgun Release Forms

From the Dashboard in 4HOnline, go under Reports | Shared Reports | State | Shooting Sports Reports

2 Reports are listed; Hunter Safety & Pistol Forms

From the “Family” view it *appears* as if there are no forms uploaded if they were uploaded last year. The reason for this is because of *historical* preservation from year to year so files are archived. County & State staff can see and view “Last Years” uploaded forms by selecting “Previous Year” prior to running reports and “Yes” will be displayed in the column indicated.

Next print the “Current Year” reports and those whom have uploaded this year will have “Yes” in the column indicated.

Both years will need to be printed to assist you in locating members that may need to complete their uploads prior to the Colorado 4-H State Shooting Sports Contest.
